Parental Notice for Schools of Choice 105C Special Education

Student Name: ___________________________________________ School: __________________

Resident School District: ________________________________________________

Your student is:

____ identified as a student receiving special education programs or services under IDEA

____ currently being evaluated for eligibility for special education programs and/or services

Out of county Schools of Choice, Section 105C regulations are as follows:

Pursuant to Section 105c of the State School Aid Act of 1979, MCL 388.1705c, Oxford Community Schools must have a written cost-sharing agreement with the resident district as to the payment of added costs associated with an out-of-county pupil’s special education programs and services. This agreement is required if the student is identified as a special education student at the time of enrollment or at the time of a residency change, or if the student is ever identified as needing special education programs or services at any time after enrollment. Further, the agreement will need to be amended if there are significant changes in the costs or level of special education programs or services that are required by your child. If Oxford Community Schools cannot enter into a cost-sharing agreement with your district of residence, your child will no longer be able to continue enrollment with Oxford Community Schools.

Please signify below your understanding of these regulations (choosing the appropriate option):

☐ I understand the Section 105c Schools of Choice regulations and how they affect the enrollment of my child who receives special education services. If a written cost-sharing agreement cannot be obtained from my resident school district, then I understand that my child must immediately unenroll from Oxford Community Schools.

☐ My child is currently being evaluated for eligibility as a student with a disability under IDEA. If my child is found eligible for special education programs and/or services, I understand the Section 105c Schools of Choice regulations and how they affect the continued enrollment of my child. If a written cost-sharing agreement cannot be obtained from my resident school district, then I understand that my child must immediately unenroll from Oxford Community Schools.
